

Item number: 29142

# Broom, Angle Cut, 290 mm, Very hard, Green

The angled design of this broom makes it easy to reach into narrow spaces between equipment when sweeping debris before the scrubbing action starts. It is particularly used for collecting large particles of dirt like meat and vegetables in a moist environment.

| Max. usage temperature (for food contact)                                       | 40 °Celsius                               |
| Max usage temperature (non food contact)  | 80 °Celsius                               |
| Min. usage temperature  | -20 °Celsius                              |
| Min. pH-value in usage concentration  | 2   |
| Max. pH-value in Usage Concentration  | 10.5                                      |

New equipment should be cleaned, disinfected, sterilised and any labels removed, as appropriate to its intended

use, e.g. high risk vs. low risk food production areas, general hospital areas vs. intensive care units, before use.
